

Signature of a letter of intent for the acquisition of Radicon Gulf Consult in Saudi Arabia

Paris, 30 December 2013 – On the occasion of French President's official visit in Saudi Arabia, Dominique Louis, Founding-Chairman of Assystem - a leading engineering and innovation consultancy - has signed a letter of intent to proceed to the acquisition of a majority stake in Radicon Gulf Consult.

This agreement aims at developing an engineering offer in the fields of Energy and Infrastructure in Saudi Arabia. It will notably enable to combine Radicon Gulf Consult's market knowledge and technical skills with Assystem's expertise in project management and engineering, while the Kingdom of Saudi Arabia is launching complex and critical infrastructure projects, especially in the Energy sector.

Radicon Gulf Consult is a leader company in the field of Design, Engineering and Services in Saudi Arabia. With an important list of regional and national customers including Saudi Aramco, SABIC, Royal Commission, Saudi Electricity Company and the Private Sector, RGC delivers innovative engineering solutions to achieve responsive designs and integrated systems to create flexible, efficient and cost effective environments. RGC employs 400 people and reported nearly €M20 in revenue in 2012.
